

# 13<sup>th</sup> IAAS

MONDAY 27<sup>TH</sup> MAY

AUDITORIUM

ROOM 1

ROOM 2

ROOM 3

9.00 **Mobile Apps and new technologies can help patients and clinicians (advantages vs ethical issues)**

Moderators: Manuel Seca; Corinne Vons;

*Nightmare to dreams: The timeline of technology – Ian Jackson*

*The power of a digital community of medical doctors – Daniela Seixas*

*Follow-up of AS patients using WhatsApp – Naresh Row*

# 13<sup>th</sup> IAAS

10.00

## **Ambulatory Surgery in the world**

Moderators: Vicente Vieira; Douglas McWhinnie;  
Eurico Castro Alves

*Ambulatory Surgery in China before and after 2017 – Zhenzhong Zhang*

*Africa and Latin America Vs USA and Northern Europe (two sides of the same coin) – Beverly Phillip*

*Portugal – 10 years after the CNADCA Report (The impact of Major National policies in the development of AS) – Carlos Magalhães*

11.00 **Coffee Break**

11.30 **NICOLL LECTURE (Paulo Lemos)**

12.30 **OPENING CEREMONY**

13.00 **LUNCH**

# 13<sup>th</sup> IAAS

## 14.30 New insights on head and neck procedures

Moderators: Gamal Mohammed; Emanuel Guerreiro; Norihito Wada

*Videoassisted thyroidectomy in AS – Jaime Vilaça*

*ENT procedures in AS – are we pushing too far or can we go further ahead? – Karianne Hostmark*

*Dealing with the predictable Difficult Airway in AS – Jorge Órfão*

## Hernia Session – State of the art

Moderators: Naresh Row; Paula Tavares; Fátima Carvalho

*Recent advances in Inguinal hernia repair – Artur Flores*

*Ventral and incisional Hernias – what's the best strategy for the management of postoperative pain? – Matilde Zaballos*

*Hiatus hernia repair – strategies for AS - Manuel Planells*

*Paediatric inguinal hernia repair – Ana Versic*

## WORKSHOP “Advanced use of the LMA”

Marc Coppens; Jose Manuel Cordero; Petra Tietze-Schnur; Vicente Vieira

*LMA for ENT and stomatology*

*LMA in prone position*

*LMA for laparoscopic surgery*

*LMA for very small infants*

*LMA for difficult intubation*

## Invited Country (India) guest lectures

Moderators: Manmal M. Begani; Rui Rangel

*Minimally invasive lumbar intervertebral discectomy performed as a day care procedure under spinal anaesthesia - Roshan Kumar*

*Newer advances – drugs and techniques for regional anaesthesia in ambulatory surgery - Rangalakshmi*

*Combining day surgery with Home care for improving patient care and to reduce re-admission rate - Ramesh Koorapati*

*Surgical treatment of diabetic foot in AS – Bhavinder Arora*

## 15.30 Symposium: Neuromuscular Blockade Management in Ambulatory Surgery

Thomas Fuchs-Buder

# 13<sup>th</sup> IAAS

## 16.00 Recent advances in endo/laparoscopic surgery

Moderators: Carlo Castoro; Ian Jackson; Josip Bakovic

*Laparoscopic hemicolectomy – is it feasible in the AS setting? – Ana Povo*

*Thoracoscopic procedures in AS - is one lung ventilation a major problem? – Xavier Falières*

*Paediatric laparoscopic surgery in AS – the experienced scrub nurse is vital! – Anabela Garcia*

## 17.00 Coffee Break

## 17.30 The obese patient in Ambulatory Surgery

Moderators: Mark Skues; Filipe Guerra; Claire Kennedy

*No patient too large? – Silva Pinto*

*Surgical strategies feasible in AS - Sebastiaan Van Cauwenberge*

*Patient education for obesity procedures: Role of nurses – Mariann Aaland*

## Innovation in the surgical treatment of Pelvic Floor disorders

Moderators: Ana Povo; Luis Hidalgo; Bercina Cardoso

*Minimally invasive surgery of rectal prolapse – Klaus Matzel*

*Minimally invasive surgery for anterior compartment prolapses – Hélder Ferreira*

*Recent advances in Robotic prostatic surgery - Kris Maes*

*When postoperative pelvic pain becomes a problem – Rita Moutinho*

## Locoregional Anesthesia in Ambulatory Surgery

Moderators: Clara Lobo; Arnaldo Valedon

*Thoracic Wall: Peripheral Nerve Blocks are safe and easy! – Maria Isabel Garcia Vega*

*PNB for children? Of course! – Hugo Trindade*

*Block rooms and Nurses are crucial to a successful peripheral nerve block – Kirstie Lehtonen*

## Symposium: "Surgical Empowerment in the Ambulatory Setting"

## FREE PAPER SESSION (Management & Nursing)

## FREE PAPER SESSION (Management & Nursing)

# 13<sup>th</sup> IAAS

## TUESDAY 28<sup>TH</sup> MAY

### AUDITORIUM

**9.00 Organizational aspects important to local Ambulatory Surgery policies**

Moderators: Beverly Philip; Cláudia Borges; Scott Bell

*Beds, Trolleys or Chairs – Mark Skues*

**9.30 Going green in AS – Douglas McWhinnie**

*Financing strategies that promote Ambulatory Surgery – Alexandre Lourenço*

**10.00 AS for the diabetic patient**

Moderators: Manuel Planells; Jan Eshuis;

*Is diabetes directly related to poor surgical outcomes? – Nanda Kishore*

*Monitoring blood glucose throughout the AS circuit: the virtues of a good protocol – Nicole van der Lans-Jansen*

*Management of diabetic patients in Ambulatory Surgery (BADS Guidelines) – Mahdu Ahuja*

### ROOM 1

**Teamwork and Leadership in ASU**

Moderators: Marie-Louise Ulsøe; Alberto Roxo; Scott Bell

*Strategies to the creation of a multidisciplinary Team in the ASU – Jorge Sousa*

*The young and the experienced Surgeon – Carlo Castoro*

*Competencies of the coordinator of the ASU – Miguel Sanchez*

**Recent advances in Breast Surgery**

Moderators: Lúcia Marinho; Kirsti Lehtonen; Jose Luis Fougo

*Radical mastectomy in AS – Sven Felsby*

*Options for breast reconstruction after mastectomy in AS – Luis Azevedo*

*Nursing the mastectomized patient – Joana Oliveira*

### ROOM 2

**Course: “Ultrasound guided Peripheral Nerve Blocks – the big 5(+) in Ambulatory Surgery”**

Faculty: Paulo Fragoso (Coordinator); Diamantino Pereira; Lara Ribeiro; Sérgio Duarte; Juliana Louro

### ROOM 3

**FREE PAPER SESSION (Anesthesia)**

# 13<sup>th</sup> IAAS

## 11.00 Coffee Break

### 11.30 Old ideas vs new concepts

Moderators: Rosa Amaral; Fernando Docobo; Ian Smith

*Emergency Ambulatory Surgery – Douglas McWhinnie*

*So much promised, so little delivered – Jim Phillip*

*Does every patient need a care-giver for 24 hours post discharge – Madhu Ahuja*

### Prophylaxis is the key to the best outcome

Moderators: Cristina Carmona; Jelena Neves

*Prophylaxis of Thromboembolic events: when and how? – Paula Sá Couto*

*Hypothermia: are AS patients at risk – Diana Silva/Helena Monteiro*

*New developments in PONV prophylaxis – Marc Coppens*

*Surgical site infection – no improvement in 50 years? – Cecília Pinto*

### Course: “Ultrasound guided Peripheral Nerve Blocks – the big 5(+) in Ambulatory Surgery”

### FREE PAPER SESSION (Anesthesia)

### 12.30 “The drugs that fight the knife”

- can we go “Opioid Free” in

### Anesthesia for AS?

Xavier Falières and Ian Smith

### 13.00 LUNCH

# 13<sup>th</sup> IAAS

## 14.30 The elderly patient

Moderators: Jan Eshuis; Paula Tavares

*Surgical outcomes are (not?) affected by age - Silvia Neves*

*Is the elderly patient no longer a challenge? – Mary Stocker*

*Post Operative Cognitive Dysfunction and delirium: risk factors, anesthetic strategies and diagnosis. How big is the problem? –*

## 15.30 Threats to Ambulatory Surgery or “sign of the times” – safety comes first!

Moderators: Rosário Órfão; Meneses da Silva

*Sedation by non-anesthesiologists – Beverly Phillip*

*Endoscopic surgical procedures by non-surgeons – Luc van Outryve*

**Office-based surgery and reduced staffing ratios – Petra Tietze-Schnur**

## Patient Care After Discharge

Moderators: Mark Skues; Maria do Sameiro Pereira

*Is the 24h Phone Call absolutely necessary? – Are there alternatives? – Hanne Foens*

*New Strategies for severe pain control after Hip and Knee arthroplasty – Arnaldo Valedon*

*Strategies for patient follow-up in private practice – is there a difference? – Gerd Dieter von-Koschitzky*

*Unexpected admissions after AS – are they preventable? – Mária Janecksó*

## Symposium – “Optimizing Desflurane anesthesia in ambulatory surgery”

## WORKSHOP: Bedside Ultrasound evaluation of AS patients

**Elena Segura (Coordinator); Catarina Costa; Liliana Costa; Margarida Ferreira**

## FREE PAPER SESSION (Surgery)

# 13<sup>th</sup> IAAS

15.45

## Perineal and anal procedures in AS

Moderators: Dieter Morales; Marc Coppens

*Innovation in the treatment of anal fistulas – Gamal Edwin Mohamed*

*Colo-rectal surgeries under local anesthesia are feasible and have good results – Naresh Row*

*Ultrasound-guided Peripheral nerve Blocks for perineal surgical procedures – Clara Lobo*

## Importance of diet and clean dressings – Marisol Francisco

### 16.30 “SPEED DATING WITH THE EXPERTS”

6 expert surgeons, anesthesiologists and nurses give opinions and counselling to those who previously make an appointment. Conversations can be shared with the audience by 1 moderator.

### 17.00 Coffee Break

# 13<sup>th</sup> IAAS

17.30

## My worst nightmares in Ambulatory Surgery

Moderators: Emanuel Guerreiro; Hanne Foens

*Hemorrhage during laparoscopy – lesson from the UK - Ian Jackson*

*Neck hematoma after thyroidectomy – Dieter Morales Garcia*

*Hypertensive crisis – Arnaldo Valedon*

Acute anaphylaxis – Marie Sheehan

## Planning Strategies for Ambulatory Surgery Units (ASUs)

Moderators: Magdalena Arance Garcia; Alberto Magalhães

*How to organize a big ASU – Jan Eshuis*

*Analysis of failed discharge after ambulatory surgery - Els Van Caelenberg*

*What should be taken into account when moving several ASU together at a new hospital? - Marie-Louise Ulsøe*

## WORKSHOP: Bedside Ultrasound evaluation of AS patients

## FREE PAPER SESSION (Surgery)

# 13<sup>th</sup> IAAS

WEDNESDAY 29<sup>TH</sup> MAY

## AUDITORIUM

9.00

### **Education and training in AS**

Moderators: Beverly Phillip; Paulo Lemos

9.30

*Pregraduate curriculum in Medicine -  
Fernando Docobo*

*Recent developments in Paediatric  
Ambulatory Surgery in Mozambique -  
the impact of IAAS Teach the Teachers  
program - Dalva Khosa*

*High Fidelity Simulation as a tool in AS  
team training – Francisco Matos*

## ROOM 1

### **Estratégias pouco comuns em CA**

Moderators: Mayté Valle; Paula Sá Couto

*Tiroidectomia total em CA – como  
prevenir as principais complicações -  
Emanuel Guerreiro*

*Indicações para bloqueios do  
neuroeixo em CA - Ana Rodriguez  
Archilla*

*O doente que vive só também pode ser  
intervencionado em CA – Como e  
quando... - Maria Virtudes Navarro*

## ROOM 2

### **Workshop**

Moderators: Sónia Ribas; Luís Branco; Olívia  
Andril; David Lourenço

***The ideal treatment for  
Inguinal, umbilical and  
incisional hernia in the  
ambulatory setting***

## ROOM 3

# 13<sup>th</sup> IAAS

## 10.00 Ambulatory Surgery in the future

Moderators: Pedro Sá Couto; Douglas McWhinnie

*Can we have better drugs and monitors? – Jan Eshuis*

*The role of new technology in Ambulatory Surgery – Corinne Vons*

*At home Hospitalization... will this strategy work for AS complex patients? – Ramesh Koorapati*

## 11.00 Coffee Break

## 11.30 Guest Lectures: Tears and Laughs in ASUs

*The operating theatre - stage for retraumatisation of terror victims... – Ana Schippert*

*It's Kids day in the AS Unit – Vicente Vieira*

## 12.30 CLOSING CEREMONY AND WELCOME TO VALENCIA 2020 AND BRUGES 2021

Carlos Magalhães, Beverly Philip, Douglas McWhinnie, Luis Hidalgo Grau and Luc van Outryve

## Colecistectomia Laparoscópica em CA

Moderators: Francisco Barreiro; Paula Botelho

*Exploração da Via Biliar em CA – como, quando, porquê? - José Maria Capitán*

*O doente com Apneia do sono proposto para cirurgia laparoscópica - Paula Sarmento*

*Pernoita em CA (em que condições?) - Maria José Crista*
